Leveraging the ELPAC: Deep Implications for Classroom Instruction

This workshop will explore the English Language Proficiency Assessments for California (ELPAC) through the lens of the California English Language Development (CA ELD) standards.

- engage in a guided exploration of ELPAC tasks
- recognize the clear and intentional alignment of the ELPAC and the CA ELD standards
- reflect on the implications for classroom instruction

- Simple, Yet Powerful Shifts to Increase Accessibility for English Learners
- Building Community for Language Development
- Supporting English Learners Through Intentionally Designed Content Objectives, Language Frames, and Vocabulary Exploration in Math
- Integrating Multilingual Learners' Everyday Uses of Language and Subject Matter Uses of Language in Secondary Classrooms (ELA, History, Math, Science)
- Steering the Ship in a new Era: What administrators need to know about policies & research in order to lead and support efforts to meet the needs of English Learners

Rethinking Data: How to Create a Holistic View of Students

Relationships matter. As a group of students who have been largely overlooked throughout their schooling, it makes a difference when adults reach out, listen, and mentor them. As one Long Term English Learner put it, “I need to know someone cares – not just about my homework being turned in, not just about my scores, but about ME and my education.”

What is the ELPAC?

The ELPAC Summative Assessment measures student progress toward meeting the California English Language Development Standards (ELD Standards), which describe the English language skills that students need to succeed in school.

The ELPAC Summative Assessment:

- Is given each spring to students who have been identified as English learners
- Includes questions about listening, speaking, reading, and writing

Your child's ELPAC results:

- Are one measure of English proficiency that should be viewed with other available information, such as classroom tests, assignments, and grades
- Can be used to help talk to your child's teacher about how to progress in English language development and set goals
- Can be used to determine if a student is ready to be reclassified as fluent English proficient (RFEP)

ELPAC Levels	What Students Can Typically Do at Each Level
<p>4</p> 	<p>Students at this level have well-developed English skills.</p> <ul style="list-style-type: none"> They can usually use English to learn new things in school and to interact in social situations. They may occasionally need help using English.

<p>2</p> 	<p>Students at this level have somewhat developed English skills.</p> <ul style="list-style-type: none"> They usually need help using English to learn new things in school and to interact in social situations. They can often use English for simple communication.

The four ELPAC levels shown above describe what students at each level on the ELPAC can typically do in English. The table below shows how these four ELPAC levels relate to the three proficiency levels described in the ELD Standards.

ELPAC Levels	Level 1	Level 2	Level 3	Level 4
ELD Standards Proficiency Levels	Emerging — requires substantial English support	Developing — requires English support	Bridging — requires light English support	

How can I help my child?

- Read to your child, or have your child read to you, on a regular basis.
- Use phones and ask your child to tell you what they see in the picture or what is happening in the pictures.
- Provide your child with opportunities to use language outside of school.
- Talk to your child's teacher about your child's listening, speaking, reading, and writing skills to help support your child's progress.

ELPAC Performance Level Descriptors

Level	Description
4	<p>English learners at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level, as described in the California English Language Development Standards, Kindergarten Through Grade 12 (2012 ELD Standards).</p>
3	<p>English learners at this level have moderately developed oral (listening and speaking) and written (reading and writing) skills. They can sometimes use English to learn and communicate in meaningful ways in a range of topics and content areas. They need light to minimal linguistic support to engage in familiar social and academic contexts; they need moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the lower range of the “Bridging” proficiency level through the upper range of the “Expanding” proficiency level, as described in the 2012 ELD Standards.</p>
2	<p>English learners at this level have somewhat developed oral (listening and speaking) and written (reading and writing) skills. They can use English to meet immediate communication needs but often are not able to use English to learn and communicate on topics and content areas. They need moderate-to-light linguistic support to engage in familiar social and academic contexts; they need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the mid- to low-range of the “Expanding” proficiency level, as described in the 2012 ELD Standards.</p>
1	<p>English learners at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level, as described in the 2012 ELD Standards.</p>

Reclassification

If your district is scoring the RETEST locally:

- LEAs may use leftover 2016–17 Edition materials to test students. If additional materials are needed, LEAs may order additional 2016–17 Edition test materials through **Thursday, January 11, 2018.**
- LEAs must complete student testing with the RETEST by **Wednesday, January 31, 2018.**

If your district is **purchasing** RETEST scoring and reporting services from Educational Data Systems:

- You may order RETEST services and Answer Books through **Thursday, November 9, 2017**
- Testing must be complete by **Thursday, November 30, 2017**
- The last day to ship scorable materials to Educational Data Systems is **Thursday, December 7, 2017**
- The processing and reporting of tests will be complete by **Wednesday, January 31, 2018**

Guidelines for Reclassification

The LEAs are to establish local reclassification policies and procedures based on the four criteria below:

- 1. English language proficiency**
- 2. Teacher evaluation**
- 3. Parental opinion/consultation**
- 4. Academic content assessment**

California English Language Development Test (CELDT)

2016–17 and 2017–18 CELDT Information Guide

Assessment of English Language Proficiency

Use the CELDT as the primary criterion. Consider for reclassification those students whose Overall performance level is Early Advanced or higher and:

- Listening is Intermediate or higher,
- Speaking is Intermediate or higher,
- Reading is Intermediate or higher, and
- Writing is Intermediate or higher.

Those students whose Overall performance level is in the upper end of the

Intermediate level also may be considered for reclassification if additional measures determine the likelihood that a student is proficient in English.

In July 2010, the SBE modified the definition of the English proficiency level for kindergarten through grade one students on the CELDT, to require an Overall score

Guidelines for Reclassification

The LEAs are to establish local reclassification policies and procedures based on the four criteria below:

1. English language proficiency

For the 2018-2019 school year,
this is a local decision.

ELPAC Practice Tests Now Available

Students and Families can use the Practice Tests to:

- Become familiar with the types of questions on the ELPAC
- Understand the types of English language skills that students are expected to develop
- Understand what students need to be able to do on the actual test

Teachers and Administrators can use the Practice Tests to:

- Understand the types of test questions that appear on the actual test
- Understand the alignment of the test questions with the 2012 California English Language Development Standards, Kindergarten Through Grade 12
- Create similar tasks for instructional purposes, with appropriate support, for their students
- Communicate with students, families, and teachers about the skills assessed on the test
