Checking-In with Staff	Mr. Laughlin shared that the HR department has been checking in with staff and encouraged any committee members who know of someone needing assistance to reach out to HR.
Schools reopening Any updates from the County MG	SCOE released guidance to districts regarding reopening. Permission is not needed to open cohorts, however, schools have been informed that because a waiver is required to reopen, they will have to bear the cost and process of contract tracing and surveillance testing. SCOE does not currently have a plan to roll out cohorts or reopen. Since so many SCOE classes are on the campus of our school districts, we will wait for those campuses to open, then we will discuss a plan. SCOE has started scheduling focus groups again.
Program Transfers	As of now, SRCS will be taking back 150 students. SCOE will be losing 15 classes, which will leave us with 26-28 classes. There will be a meeting for staff in January with updates at that time (much like we've done in the past).
Air Systems	Mr. Laughlin provided an update on the air filters and HVAC systems.
