<i>Item/Owner</i>	<i>Time (Mins)</i>	<i>Abbreviated Minutes</i>	<i>Next Steps</i>
Greetings – All	5		
Chemical Exposure At Worksites (Notification requirements for families and staff) A. Ward		<p>Transition program has worksites around the County. Ms. Ward expressed concern about the worksite, Epicenter, this year including some exposure to toxic fumes as the result of work being done at the center. Ms. Ward’s principal was notified and she addressed the issue with the site. There was discussion about notification requirements and impacts of these exposures to students and staff.</p> <p>Mr. Laughlin indicated that he would follow up with Ms. Ward, who expressed the intention/interest is the safety of our students and staff. Ms. Ward expressed that Ms. Lawson, her principal, was great and handled this situation well.</p>	
Program Transfers A. Burton		Mr. Burton mentioned that since no layoffs were received, then they expect there are no classified layoffs. Mr. Laughlin confirmed that, that is correct, there were no SEIU layoffs. He stated we are losing a net of one class, it is one transition class and it has	

		been handled so that they will still be in transition.	
Structure/Staffing Changes A. Burton		<p>Mr. Burton mentioned an email from Dr. Carter about staffing changes. There is one new Deputy Superintendent, and Mr. Laughlin was promoted into that position. There has been a position added and that has been filled by Dr. Louis Ganzler for secondary school related topics. There was also an Administrative Operations Specialist (Karen Schubert) added to the Administration Department.</p> <p>There was also discussion about the 10 days that were added to Certificated Managers who are on steps 9-14 on the Certificated Management salary schedule.</p> <p>Ms. Britton mentioned that perhaps it can be explored to restore days back to the calendar for ESS classified employees.</p>	

Next Meeting: April 11	Future Items for Discussion:
