

What are the benefits Students can gain from the Covid-19 vaccine?

No need to quarantine!

If you are exposed to Covid, you won't have to spend time away from sports, extracurriculars, and school unless you have symptoms.

Sports & Clubs

Easily participate in sports and clubs with fewer restrictions.

Get Some Fresh Air

Vaccinated friends can be together outside without masks or social distancing.

Hug Your Family & Friends

You can be with family and friends without having to worry about making them sick.

Be a Hero

Protect your parents, grandparents, and siblings.

Return to Normal

Getting the vaccine is a BIG step toward returning to many of our pre-Covid freedoms.

“Being vaccinated is one of the best ways students can enjoy the academic and extracurricular aspects of school while protecting themselves, their families, and their friends,” said Steve Herrington, Sonoma County Superintendent of Schools.
