Be a Support Service Center to School Districts and Education Community of Sonoma County

- Provide support and feedback to districts in their implementation of the Learning Continuity Attendance Plan
- Implement, support, and assist districts through continuous improvement strategies under California’s System of Support
- Align closing the achievement gap by monitoring Learning Continuity and Attendance Plan activities with best practice strategies
- Monitor and promote quality teacher recruitment programs
- Create community/business partnerships that support the teaching profession/provide housing and childcare opportunities for the educational workforce

Foster Partnerships that Strengthen Educational Opportunities for all Students

- Establish collaborative and collegial relationships among all SCOE stakeholders, departments, districts, and agencies
- Finalize a land lease agreement for childcare/business park partnership to provide affordable and easily accessible employee and community childcare

Build and Maintain an Internal Organizational Structure that Supports Best Practices

- Initiate and monitor the Nine Principles of Organizational Excellence in all departments throughout SCOE
- Promote positive and collaborative employee-employer relations while monitoring COVID-19 safety and health protocols and practices to ensure a safe working environment for staff
- Monitor SCOE’s Facilities Master Plan (Five Years) that addresses support services and initiate a site improvement plan regarding the El Colegio school site
