LEA: Rincon Valley Union School District **Contact (Name, Title, Email, Phone Number):** Tony Roehrick, Ed.D., Superintendent, troehrick@rvusd.org, (707) 542-7375 **LCAP Year:** 2015-2016

Local Control and Accountability Plan and Annual Update Template

This document serves as the key needs assessment resource for the revision of the 2016-17, 2017-18, 2018-19 LCAP. The data included comprises that which is required under each of the State's eight priority areas. Individual schools also conducted a parent engagement needs assessment using the PTA National Standards for Family-School Partnerships Assessment. The results from each of these needs assessment tools were used as the basis for identifying critical areas to address within the new LCAP.

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual

update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Administrative Council, including site and district administrators and bargaining unit representation, met on January 19, 2016. The group reviewed the site-based feedback gathered during October through December 2015 and made recommendations for the 2016-17 LCAP.

Parent Advisory Committee met on March 2, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

Superintendent's Student Advisory Committee met on March 10, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

Administrative Council, including site and district administrators and bargaining unit representation, met on March 15, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

- Provide same level of support for GATE students as for struggling students
- Increase student access to iPads in grades K-2
- Have students perform community service as a consequence for making poor behavioral choices
- Provide childcare at night events
- Parent ed in Spanish, especially in math
- Provide after school access to the computer lab for students and families
- Have morning and evening options for parent events

Administrative Council suggestions for the 2016-17 LCAP include:

- Rebenchmark the DIBELS assessment
- Replace STAR Math as a benchmark assessment
- Establish agreements on what teachers provide as homework, especially in math
- Support parent request for additional parent education

The Parent Advisory Committee appreciated the emphasis on support for the social and emotional well being of students such as counseling, coordinated activities on the playground, and support for families of chronically absent/tardy students. The group believes the LCAP process does not make full sense since districts are required to assess the success of their plans far too early each year before their actions and services have either been implemented or allowed to impact students. The committee did not provide any written comments to the District they wanted responded to in writing.

The Superintendent's Student Advisory Committee appreciated the additional counseling available at each school site. The committee also appreciated the addition of the recess activities coordinator. This new position provides organized activities at recesses for students. The committee agreed providing parent education workshops on the new math standards is important as they reported their own parents' struggle to help them with math homework. The committee did not provide any written comments to the District they wanted responded to in writing.

Administrative Council appreciated their earlier recommendations had been included in the LCAP. The council suggested we adapt our site-based student surveys to include a set of questions used by every site as a local measure of school climate. At this time, our only district-wide student voice comes from

District English Learner Advisory Council met on March 16, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

The District held two community-wide LCAP input meetings on March 15 (Matanzas) and March 16 (Sequoia). The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

The District met with our classified employees association, CSEA, On March 28, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

The District met with our teachers' association, RVUTA, On March 29, 2016. The group reviewed progress made toward meeting goals in 2015-16 and draft of goals, measurable outcomes, and actions/services for the next three years.

the Healthy Kids Survey. The council did not provide any written comments to the District they wanted responded to in writing.

The District English Learner Advisory Council appreciated the inclusion of parent engagement through out the LCAP. The council appreciated the manner in which three areas of parent engagement were included; parent decision-making (e.g., site council), parent community building (e.g., site-based events), and parent education (e.g., math support). The council did not provide any written comments to the District they wanted responded to in writing.

Participants at the community-wide LCAP input meetings confirmed the goals and activities.actions in the draft met the needs of the District community. Parent education and access to high quality instruction were identified as the most important areas to focus on. Participants link access to high quality instruction to include support for struggling students and for support for non-academic areas such as emotional well-being are critical foundations that allow students to success academically.

CSEA members appreciated the additional school office support for attendance monitoring. Members also expressed an interest in being part of the Restorative Practices training. Members suggested the District detach the opening of libraries and computer labs from the school day and open the facilities in the evening once a month per site for Family Night programs. The association did not provide any written comments to the District they wanted responded to in writing.

RVUTA members appreciated the continued focus on counseling services and support systems for struggling students. Members had questions concerning the timing of training for the district-wide implementation of Restorative Practices. In addition, the following comments are received:

- There should be a math focus in summer school
- Extend summer school
- Spend the money on people not programs
- Lower the class size in grade 4 - 6
- There are more frequent and intense social/emotional issues in K-3 students and these issues are not being addressed until the students are in the upper grades and already behind academically - toolbox is not addressing the serious behavior issues that some students exhibit. The serious behavior issues not only impact the learning of the one child - but

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL 4:	Increase the percent of all students, including significant subgroups, meeting or exceeding the CAASPP English language arts standard with special attention to 3rd grade students.	Related State and/or Local Priorities: 1 _ 2 X 3 X 4 X 5 _ 6 _ 7 X 8 X COE only: 9 _ 10 _ Local : Specify	
Identified Need :	Obtaining grade level expectations for reading by 3rd grade is a key indicator of subsequent student success in English language arts. Spring 2015 CAASPP results reveal that 54% of all Rincon Valley 3rd grade students met or exceeded the standard for English language arts. For 6th grade, the last year in the district for most students, 54% of all students met the grade level criteria. For English learners, 19% of 3rd and 32% of 6th graders met or exceeded this standard. For socio-economically disadvantaged students, 40% of 3rd and 40% 6th graders met or exceeded this standard.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$382,590
The District does not receive Concentration funds. Supplemental funds for the 2016-17 school year will be used for our Multi Tiered System of Support (MTSS) programs. The components of our MTSS program funded with supplemental funding include a range of intervention support, an ELD Summer Academy, to support a district-wide ELD coordinator, support the district's restorative practices program, fund a summer learning program, fund a portion of our family liaisons, and fund a portion of our EL assistants. (Averill & Rinaldi, 2011; California Department of Education, 2015)	
Intervention Programs: These resources are principally directed to serve our unduplicated students by providing direct instruction to students who are not meeting grade level CAASPP and/or local assessment targets. While these services are not strictly limited to our unduplicated students, these subgroups comprise the majority of students benefiting from the services. Intervention services are provided within an extensive MTSS system that includes Student Support Coordinators, classroom teachers, and intervention teachers. Student Support Coordinators provide direct instruction to students, monitor the progress of all students being served with support services and meet with grade level teams and principals to review the progress of groups and individuals. English language arts and mathematics are the targeted subjects for identifying and supporting students. Supplemental funds are used for Student Support Coordinator and intervention teachers' salaries and benefits. (California Department of Education, 2015)	
Cost of the Intervention Programs charged to Supplemental Funds: \$237,259, Resource Code 0000 Object 1000-6000 (Management Codes 0652 & 0653)	
Summer ELD Academy: This program is principally directed to serve our unduplicated students by providing direct instruction and monitoring of student progress within our overall system of supports. Students participating in the Summer ELD Academy are English learners at the Intermediate level as measured by CELDT. The goal of this service is to accelerate English language acquisition so that English learners do not become long term ELs. Summer EL Academy classroom teachers provide the instruction. Supplemental funds are used for Summer ELD Academy classroom teachers' and classified employees' salaries and benefits and instructional materials. (Ward-Singer, 2007; California Department of Education, ELD Standards Appendix C, 2015)	
Cost of the Summer ELD Academy charged to Supplemental Funds: \$23,986, Resource Code 0000 Object 1000-6000 (Management Code ELDA)	
EL Coordinator: This program is principally directed to serve our unduplicated students by coordinating and monitoring of EL student progress within our overall system of supports. Supplemental funds are used for EL Coordinator salary and benefits. (Schmoker, 2006)	
Cost of the EL Coordinator charged to Supplemental Funds: \$21,741, Resource Code 0000 Object 10000-3000- (Management Code ELDC)	

Restorative Practices: This program is principally directed to serve our unduplicated students by providing counseling related services. While these services are not strictly limited to our unduplicated students, these subgroups comprise a significant subset of students benefiting from the services. Supplemental funds are used to support the training for certificated and classified personnel in the use of the Restorative Practices protocols. This effort will result in district-wide implementation of this practice. (International Institute for Restorative Practices, 2007)

Cost of expanding Restorative Practices charged to Supplemental Funds: \$25,000, Resource Code 0000 Object 1XXX (Management Code MAAD)

Summer Learning: This program is principally directed to serve our unduplicated students by providing counseling related services. While these services are not strictly limited to our unduplicated students, these subgroups comprise a significant subset of students benefiting from the services. Supplemental funds are used for Summer Learning classroom teachers' and classified employees' salaries and benefits. (Smith, ASCD, 2012)

Cost of the Summer Learning program charged to Supplemental Funds: \$35,000, Resource Code 0000 Object 1XXX (Management Code 0650)

Family Liaison: This program is principally directed to serve our unduplicated students by providing school-to-home related services. While these services are not strictly limited to our unduplicated students, these subgroups comprise a significant subset of students benefiting from the services. Family Liaisons provide an important link between our schools and families. These individuals provide support for families across a wide range of school attendance, social/emotional needs, and connecting to community-wide resources. Supplemental funds are used for classified employees' salaries and benefits. (Breiseth, Robertson & Lafond, 2015)

Cost of the Family Liaisons charged to Supplemental Funds: \$23,604, Resource Code 0000 Object 1XXX (Management Code 4201)

EL Assistants: This program is principally directed to serve our unduplicated students by providing instructional services. EL Assistants provide direction instructional support to our EL students. Supplemental funds are used for classified employees' salaries and benefits. (Robertson & Ford, 2013)

Cost of the EL Assistants charged to Supplemental Funds: \$16,000, Resource Code 0000 Object 1XXX (Management Code 4203)

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

3.5	%

The District is increasing services by directing all new Supplemental funds to services that are principally directed towards our unduplicated students. All new and ongoing Supplemental funding is directed towards our Multi Tiered System of Support services. Detailed information concerning the use of these funds are included in Section 3:A.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
