Local Control and Accountability Plan and Annual Update Template

Mission Statement: The Mission of the Harmony Union School District is to provide for the academic, social, and emotional growth of children in a challenging, creative and safe environment. Harmony Union School District will empower students to become life-long learners able to make informed decisions, become productive citizens, and responsible stewards of the environment.

District Goals:

- Curriculum
 - District staff and teachers will work cooperatively to develop, promote and implement methods and lessons that meet the different learning styles and needs of students as they pursue their academic and social development.
- Technology
 - District staff and teachers will enhance and refine access and appropriate use of technology in support of classroom instruction and student learning at all grade levels.
- Place-Based Learning, Student Leadership, and Healthy Choices
 - District staff, teachers and community volunteers will work to more fully develop the district’s TK-8 place-based curriculum in order to better support student learning and life decisions.
 - District staff and teachers will work to provide lessons and programs in support of student learning and development that promote responsible citizenship, creativity and individual leadership.
 - District staff and teachers will expand and clearly articulate to parents and students healthy choice standards to include nutrition and fitness practices throughout the TK-8 program.

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies’ (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts

and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA’s goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies,; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

A continual LCAP update was provided through a Principal's or Superintendent's report at board meetings, staff meetings, and Site Council/Charter Advisory Board (this is HUSD's parent advisory committee) meetings after the January meetings (monthly). In all cases, the LCAP for both Harmony Elementary School (TK, K, 1) and Salmon Creek Charter (grades 2-8) were discussed together, but as two separate schools. In all cases feedback was solicited for the Annual Update and the LCAP.</p>	<p>Annual Update:</p> <p>From surveys, discussions, workshops, etc. many suggestions were provided for the Annual Update including the rewording of Goals, removal of fulfilled Outcomes including services and actions, suggestions for new goals and services and actions. Using the information, discussions were focused on whether or not those services that were fulfilled lead to increased student achievement. It became apparent that more communication and discussion around actions and services would be required throughout the course of the year.</p>

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	The following Identified Need was amended based on stakeholder feedback: "Teachers to implement an articulated grammar program that is aligned to CCSS" is now "Teachers will embed CCSS Language Standards into the writing program." We met the following measurable outcomes before scheduled and will remove them from next year's LCAP: 1) 100% of teachers have access to materials aligned to CCSS and instructional use of materials is evident in 100% of classrooms. 2) CCSS aligned materials and instruction evident in 100% of classrooms. Changes in Actions and Services: 1) "Time will be given on restructured days to work collaboratively to implement an Rtl program to support reading fluency and comprehension" will be changed to address early literacy. Rtl was too narrow a focus, Early Literacy more accurately reflects our goals. 2) DRA's are in the planning stages and not yet ready to be used to monitor the program. 3) Teachers decided to embed the CCSS Language Standards into their existing writing curriculum instead of adopting a separate program. 4) Removed: "All instructional materials will be aligned with CCSS and ELD as appropriate." 5) Removed: "All teachers will be supported to transition and fully implement CCSS." District accomplished this task. 6) Removed: "No Foster Youth at this time." It is noted elsewhere. Changes to Budgeted Expenditures: 1) The Budgeted Expenditures for the ELD teacher reflected the entire salary cost, however part of this salary falls under Salmon Creek Charter. The updated information is correct specific to Harmony Elementary 2) The Budgeted Expenditures for the Intervention Teacher belong in the next column up. It was an error in the original LCAP.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$77,438.00
The District is expected to receive \$1,068,058 total LCFF funding of which approximately \$77,438.00 is Supplemental Grant Funding for 2015-2016. The Supplemental Grant funding is based on the projected unduplicated count of low income, foster youth, and English learner pupils of more than 40% and less than 55% of the school enrollment. Based on past experience, we expect about 40.98% in this unduplicated category. With our supplemental grant funds we will be providing after school academic enrichment classes, curriculum materials and Intervention teachers.	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

7.55	%
The District’s Minimum Proportionality Percentage for unduplicated students in budget year 2015-2016 is 7.55% . Harmony school district will meet this minimum proportionality percentage by providing the services listed above: after school academic enrichment classes, intervention teachers and curriculum materials. The cost of these services is in excess of the supplemental grant amount and when compared to the cost of providing the base services to all students far exceeds the 7.55% MPP in increased or improved services to the unduplicated students
