

## DBUG - MAA Program Update:

1. Show me the money!
  - DHCS expects to have 14/15 Q2 payments out by end of 2016 (interim payment based on 13/14 Q2 invoice amount).
  
2. New RMTS Invoices:
  - SMAA Manual submitted 8/15/16 – Finally! Waiting on CMS approval.
  - RMTS invoice was part of manual submission. We will begin completing the invoices and will forward to you for review and signature once CMS has approved the manual and time survey results have been finalized.
  - ***14/15-3 invoices are due to DHCS by ??????????????. Due to the delay in DHCS submitting the manual and invoice to CMS for approval our timeline has been dramatically shortened.***
  - Backup documentation for contracted TSPs must indicate the name of the participant.
  - MOUs/Contracts for non-employees must be clear on days worked for district.
  - Costs for contracted participants can only be claimed during the quarter in which the cost is incurred.
  - Participants CANNOT be 100% federally funded.
  
3. SB 123:
  - Status of bill and how it would affect the MAA program (latest analysis attached).
  
4. Questions? – Please contact Sharon Battaglia at 524-2765 or sbattaglia@scoe.org
