

# Sonoma County Parent Support Forum

**AUGUST 24, 2020 | 5:30PM - 6:30PM**

**Save the date for the first event in a series of parent support forums to support families in distance learning**

A panel of SCOE technology and educational support experts will be on hand to provide tips, resources, and answer questions from the community.

Topics will include guidance on technology, how to set up a positive learning environment, and student/family rights and expectations under distance learning.

Upon registration, you will have the chance to submit questions in advance.

This forum is meant to provide general information support to families. Specific questions including district-specific policy should be directed to your school or district.
