

PRAESIDIUM

Our mission is to help you protect those in your care from abuse and to help preserve trust in your organization.

Online Abuse Prevention Training *Getting Started*

Online training resources to support your abuse prevention and response efforts.

Redwood Empire Schools' Insurance Group is committed to creating a culture of safety and reducing the risk of sexual abuse in schools. As part of this commitment, RESIG previously launched the [weCARE program](#) to bring its members an abuse prevention toolkit. *The tools in this toolbox now include online abuse prevention training for members and their employees and volunteers in two convenient locations: Target Solutions and Praesidium's Armatus® Learn to Protect System.*

Creating a safe environment is an ongoing process that requires a strong commitment, constant vigilance, regular reminders, and no tolerance for drifting standards. Every member is part of this commitment to safety, and RESIG is privileged to support this important work and build on the existing weCARE prevention framework.

WHY PREVENTION MATTERS NOW MORE THAN EVER

Sexual abuse remains a serious issue that affects millions of vulnerable individuals each year, sparing no generation or demographic. According to the Center for Disease Control, childhood sexual abuse poses a serious threat to the health and development of our nation's children, affects millions of children annually, and has significant impacts on society. The CDC also estimates the majority of child abuse does not get reported. Now more than ever communities, regulators, carriers, and funders are asking important questions and driving long-overdue action.

Whether you're trying to prevent a teacher, coach, custodian, bus driver or administrator from sexually abusing a student – or trying to prevent sexual abuse between students in bathrooms, locker rooms, gyms, isolated areas on campus, or on a field trip – prevention involves everyone. Training *by itself* is not the solution, but the right training that targets the right people is an important part of creating a culture of safety.

LET'S GET STARTED!

To ensure your entire team has a way to access training, your district will have two locations available for online training.

Identify who needs training and **Access** the correct platform.

Employee Access via Target Solutions Platform

This category includes classified employees, certificated employees, all staff, substitutes, and all coaches.

Volunteer Access via Praesidium's Armatus® Learn to Protect Platform

This category includes all non-coaching volunteers, parents, and any other volunteers.

PRAESIDIUM

Target Solutions for Employees, Substitutes, and Coaches:

- *Access* the courses on your district's Target Solutions platform through existing sign-in processes.
- *Assign* the courses to your employees. RESIG pre-loaded the Praesidium online abuse prevention courses into your district's HR Administrator portal. While there are no RESIG requirements regarding course assignments, see Praesidium's recommendations below to ensure your team receives foundational and role-specific resources on abuse prevention.

Armatus Learn to Protect for Volunteers:

- *Distribute* the Praesidium Quick Start Guide to volunteers, which contains additional instructions for course access.

STILL HAVE QUESTIONS OR NEED ASSISTANCE?

RESIG	Erin Tarkhanian etarkhanian@resig.org for questions about Target Solutions
	Patty Baumunk pbaumunk@resig.org for questions about the weCARE program
Praesidium	Latoya Arps larps@PraesidiumInc.com
