Subject: August 2023 Edition  

Mandate Block Grant  
The 2023-24 web-based application for the Mandate Block Grant (MBG) is now open to school districts and charter schools. The Mandate Block Grant application link is located here. Applications must be submitted by August 31, 2023, to receive 2023-24 MBG funding. Funding will be paid in mid-November 2023 to all eligible LEAs that submit the MBG application.  

Funds are allocated using average daily attendance (ADA) calculated as of the 2022-23 Second Principal Apportionment. Rates are as follows:  
- Districts receive $37.81 per ADA for students in grades K thru 8, and $72.84 per ADA for students in grades 9 thru 12. Charters receive $19.85 per ADA for students in grades K thru 8, and $55.17 per ADA for students in grades 9 thru 12.  

Instructional Materials Public Hearing Requirements for Fiscal Year 2023-24  
Education Code Section 60119 requires that school district governing boards hold an annual public hearing on or before the end of the eighth week from the first day pupils attend classes and adopt a resolution stating whether each pupil in the LEA has sufficient textbooks or instructional materials in specified subjects. This public hearing and resolution are required annually. LEAs should keep the resolution on file for the LEA’s annual audit, along with proof of posting and the location of postings for the public hearing (at least 10 days in advance).  

EC Section 60119(c)(1) states that sufficient textbooks or instructional materials means, "each pupil, including English Learners, has a standards-aligned textbook or instructional materials, or both, to use in class and to take home. This paragraph does not require two sets of textbooks or instructional materials for each pupil." This specifically applies to four subject areas: English language arts, mathematics, science, and history-social science.  

For more detailed information, go to https://www.cde.ca.gov/ci/cr/cf/imfrfaq1.asp and click on “Instructional Materials Frequently Asked Questions” for direct responses to realistic/practical questions. The resolution sample can be found on the CDE web page by clicking on the link embedded in FAQ #43.  

To see the steps your auditor will take, click on the link to the audit guide and go to page 17. The 2023-24 Guide for Annual Audits of K-12 Local Education Agencies can be found here.
**Educator Effectiveness Block Grant Reporting**

Upon the receipt of Educator Effectiveness Block Grant funds, LEAs were required to develop a plan, in addition to report on expenditures annually. **LEAs are required to report annual data and an expenditure report each year on or before September 30th.** A final data and expenditure report will be due on or before September 30, 2026. The annual report template is available [here](#) and the reporting database opened Tuesday, August 1st with the report due by 4:00 p.m. September 30th for the second reporting submission. Please plan accordingly to ensure your LEA meets the reporting deadline.

Please note that due to updates in Assembly Bill (AB) 181, there are changes in the allowable spending areas of the EEF and also the expenditure information collected. To address reporting requirements and to highlight other updates to the EEF, additional the CDE and EEF Team is conducting a Technical Assistance for Annual Reporting Webinar. **Fall 2024 Dashboard Coordinator Reset**

This is a reminder that the California Department of Education (CDE) will be requiring a new submission of the California School Dashboard (Dashboard) Coordinator Application for the 2023–2024 school year to gain access as the coordinator for your local educational agency (LEA). Even if the coordinator information has not changed from the previous year, the application
must be submitted and approved by the LEA superintendent or charter school administrator to receive the login credentials. **Attached** is an email for more details on the annual process. The application for 2023-24 will be emailed out on August 21st. Following the approval of the Dashboard Coordinator, the Dashboard Coordinator will be able to report the LEAs 2022-23 Local Indicators to the Dashboard. This includes reporting the date that the 2023 local indicator results were reported to the local governing board/body on or before July 1, 2023, at the same meeting at which the LCAP is adopted.

Additionally, please remember on **August 21, 2023**, the Dashboard Coordinator Web site will be migrated to be part of the new myCDEconnect unified system. To prepare for the migration, LEAs are encouraged to update and/or confirm the information contained in the California School Directory ([https://www.cde.ca.gov/schooldirectory](https://www.cde.ca.gov/schooldirectory)).

**Universal PreKindergarten (UPK) Program Reports**
The required 2022–23 Universal PreKindergarten (UPK) Planning and Implementation Program Reports for local educational agencies (LEAs) and county offices of education (COEs) are available for completion. The purpose of these reports is to collect the responses to the required questions from the updated 2022–23 UPK Planning and Implementation Grant Planning Templates. The information collected from these **required** reports will inform the California Department of Education (CDE) on UPK implementation and will help identify what additional support may be needed for LEAs and COEs to support UPK implementation.

The CDE is collecting answers to the updated 2022–23 UPK Planning and Implementation Grant questions found in the updated LEA Template and the updated Countywide Planning and Capacity Building Template.

**These surveys must be completed by September 30, 2023.**

Along with this bulletin is a listing of items to consider during the 2023-24 fiscal year. The document is intended to be a guide and resource for Sonoma County CBOs. It is not an all-inclusive list.

**Workshop Opportunities through School & College Legal**
**Attached** is a list of workshops for the 2023-24 School Year.

**REMINDE RS:**

**Update to J-13A Submittals**
On Friday, July 21, 2023, the CDE announced they will accept electronic Request for Allowance of Attendance Due to Emergency Conditions, Form J-13A submittals by email. Therefore, the
CDE will now accept digital signatures or scanned “wet” signatures. While the PDF Form J-13A request will still need to be completed and submitted to CDE, the allowance of electronic submissions has been adopted to streamline the Form J-13A submittal process. The “Allowance of Electronic Form J-13A Submittals” letter can be found here.

*Important* Please remember the J-13A waivers still need to be sent to the County Office of Education (SCOE) for approval/signatures. SCOE will submit the J-13A waivers via email to the CDE once a review is complete and signatures are obtained. SCOE will copy the LEA on the email as confirmation of the submission.

Additionally, please remember to complete part III on page 5 (affidavit page) as follows:

**Account code restrictions for object 9110**
LEAs should never use object code 9110 on a requisition or payment. Proper accounting practices dictate that all entries are two-sided. The code on the requisition or payment should be the proper expenditure code for the expense and cash (object 9110) is hit automatically. Did you know that you can restrict your requisitions or payments to specific object code ranges, and exclude specific ranges to prevent errors? Depending on your LEA system setups in ESCAPE, you may be able to change these settings at the fiscal level. If you need assistance you can send a help desk ticket to helpdesk@scoe.org.

**General Obligation (GO) Bonds and Proposition 39 (55% Local Vote Bonds)**
Traditional GO Bonds require 2/3 vote of the registered voters voting in the election. Under Proposition 39, which was enacted in November 2000, schools can authorize GO Bonds with 55% voter approval. Proposition 39 bond issuances include additional accountability requirements such as certain types of audits, provisions for conducting elections, and establishing a Citizens Oversight Committee. Some requirements are listed below:

- Following a bond election, the County Registrar of Voters will provide the school district calling the election with the formal results in the form of a Certificate of Election Results. The governing board of the school district is to enter the results of such election into its minutes and to certify such proceedings to the County Superintendent of Schools, usually done in the form of a resolution. This action is normally taken at the next regular meeting of the governing board of the school district after the certification is received. This action must occur before the issuance and sale of the authorized bonds.

- Ed Code Section 15278(a) requires that bond measures passed pursuant to Proposition 39 establish a Citizens Oversight Committee (Committee). The initial members of the Committee must be established within 60 days after the date that the governing board of the school district enters the results of the bond election on its minutes. The governing board of the school district may also adopt policies, guidelines, and procedures to be
applicable to the Committee once it is established. It is recommended that policies, guidelines, and procedures be adopted before members of the Committee are selected. The Committee shall consist of at least seven (7) members to serve for a term of two (2) years, without compensation, and for no more than two (2) consecutive terms. The Committee may not include any employee or official of the school district or any vendor, contractor, or consultant of the school district and must include certain member types from the community.

Ed Code Section 15280 (b) requires certain documents relating to the Committee to be made available on an internet website maintained by the school district.

**AB 2274 added reporting requirements** to debt from bonds already approved by voters. It requires agencies to notify CDIAC of any proposed debt issuance, which would include refinancing and other secondary issuances. Prior to AB 2274, LEAs were only required to notify CDIAC of any new debt issuance. CDIAC can now require any information about the debt issuance “it considers appropriate” as part of the notification rather than limiting it to the sale date, the name of the issuer, the type of debt, and the estimated principal. In addition, the bill reduces the timeframe in which agencies shall notify CDIAC of a final debt sale from 45 days to 21 days after the sale or issuance. The aforementioned CDIAC reporting requirements are applicable to any issuance of debt after January 1, 2015.

**AB 2551 enhanced transparency requirements** for local bond elections, including Proposition 39 (2000) and two-thirds vote general obligation bonds. The bill requires LEAs attempting to pass local bonds to submit to their local elections office the total estimated debt service, including principal and interest if all bonds are issued, as part of the Tax Rate Statement required pursuant to Elections Code Sections 9400-9401. The aforementioned reporting requirements are applicable to any issuance of debt after January 1, 2015.

It is recommended that districts that have recently passed GO Bonds discuss regulatory requirements with their bond or legal counsel. For more detailed information, please see the California Debt Advisory Investment Committee (CDIAC) website: (http://www.treasurer.ca.gov/cdicac/) and California’s Coalition for Adequate School Housing (C.A.S.H.) website (http://www.cashnet.org/).

**Non-Voter Approved Debt disclosure form and requirements**

Education Code Section 17150 requires school districts to notify the County Superintendent of Schools and County Auditor at least 30 days prior to the governing boards’ approval of the issuance of certificates of participation (COPs) or other non-voter-approved debt secured by real property such as Lease purchases (LP) secured by real property; Qualified Zone Academy Bonds (QZABs) secured by real property; Revenue bonds; Energy Loans or Bond Anticipation Notes (BANs). The law requires the district to provide repayment schedules, evidence of the ability to repay, and costs of issuance as well as information necessary to assess the anticipated effect of the debt issuance. Within 15 days of the receipt of the information, the County Superintendent of Schools and the County Auditor are authorized to comment publicly regarding the district’s capacity to repay the debt obligation, based on the information provided.
The Disclosure of Non-Voter Approved Debt form is located at https://www.scoe.org/pub/htdocs/fiscal-forms.html Please complete, supply supporting documentation, and submit in accordance with the above.

SAVE THE DATE - Fall 2023 Dashboard Coordinator Reset Reporting Window

You are receiving this email because you are subscribed to the LCFF listserv.

The purpose of this e-mail is to inform you that the California Department of Education (CDE) will be resetting the 2022–2023 California School Dashboard (Dashboard) Coordinator database at 5 p.m., Friday, August 18, 2023. During this time, there will be no access to the Dashboard Coordinator Web site. On August 21, 2023, the Dashboard Coordinator Web site will be migrated to be part of the new myCDEconnect unified system. As a reminder, Dashboard Coordinators report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

To prepare for the migration, LEAs are encouraged to update and/or confirm the information contained in the California School Directory (https://www.cde.ca.gov/schooldirectory/).

The CDE will be requiring a new submission of the California School Dashboard (Dashboard) Coordinator registration form for the 2023–2024 school year to gain access as the coordinator for your local educational agency (LEA). Even if the coordinator information has not changed from the previous year, the registration form must be submitted and approved by the LEA superintendent or charter school administrator to receive the login credentials. Information related to submission of the Dashboard Coordinator registration form will be provided via email on August 21, 2023.

Following the approval of the Dashboard Coordinator, the Dashboard Coordinator will be able to report the LEAs 2022–23 Local Indicators to the Dashboard. This includes reporting the date that the 2023 local indicator results were reported to the local governing board/body on or before July 1, 2023, at the same meeting at which the LCAP is adopted.

The 2023 Dashboard reporting window will be open from August 21 through September 29, 2023.
