

ALTERNATIVE EDUCATION PROGRAMS
Instructional Materials Funding Realignment Program (IMFRP)
 Revised September 2016

Alternative Education at the Sonoma County Office of Education has sufficient textbooks and instructional materials in order to provide each student with a standards-aligned textbook and basic instructional materials in each of the following areas: History/social science, Mathematics, Reading/language arts and Science. Foreign language is not offered. Health is embedded in Science and Physical Education. Science laboratory equipment is not always appropriate in all court and community school settings.

History-Social Science
