## **Pandemic Electronic Benefit Transfer (P-EBT)**

- P-EBT 4.0 plan for the 2022-23 academic year is currently in development
- 4.0 will be the last round of P-EBT, given the expiration of the Public Health Emergency
- Eligible students will receive benefits August 2022 – May 2023
- Data will continue to be collected through the ad hoc Independent Study Attendance Collection (ISAC) tool
- Only data from the ISAC tool will be used to determine to benefits levels (how many days a student was IS or had absences of 5 or more days in a month)
- CALPADS ODS data will be used to determine eligibility
- New plan will address how to provide benefits for students who left NSLP-participating schools to enroll in 100% virtual schools as a result of the pandemic
- P-EBT 3.0 for the 2021-2022 benefits have been delivered

## **California School Dashboard Posting Timeline**

Pursuant to the [K-12 Education Omnibus Trail Bill](#), the CA School Dashboard must be released by the following dates for prior school year data:

- 2023 Dashboard: December 1, 2023
- 2024 Dashboard: November 15, 2024
- 2025 Dashboard: November 1, 2025
- 2026 Dashboard and beyond: October 15, 2026, and in each year thereafter

The timelines associated with the collection of data through the California Longitudinal Pupil Achievement Data System (CALPADS) will be adjusted to ensure these reporting dates can be met.

- Moving the submission deadlines is forthcoming
- Certification deadlines will **NOT** be extended starting 2023-24 (exceptions for natural disasters, etc.)

The Department of Finance (DOF) has stated that an earlier release of the Dashboard is something that LEAs have consistently asked for to aid in better alignment with Local Control and Accountability Plan (LCAP) development and an earlier start to differentiated assistance.
