SSID Matching Tool and MID Functionality

- The SSID Matching Tool has been updated and is now producing improved results. In addition, only candidates with 80 percent matching are displayed, and results are listed from highest to lowest. LEAs are encouraged to use this tool before sending up the SENR with blank SSIDs.
- Additionally, the MID process is now working satisfactorily, and LEAs should actively resolve MIDs as soon as they can.

CALPADS Fall 1 Reports Modifications

The following reports have been modified as described in [CALPADS Flash #240](#) and have been made available as of the October 11, 2022 release.

The County Authorizing (C/A) reports will become available in early November.

<p>Certification Reports</p> <ul style="list-style-type: none">• Report 1.1 – Enrollment – Primary Status by Subgroup• Report 1.17 – LCFF Unduplicated Pupil Count• Report 1.19 – LCFF COE Unduplicated Pupil Count
<p>Supporting Reports</p> <ul style="list-style-type: none">• Report 1.2 – Enrollment – Primary Status Student List• Report 1.18 – LCFF Unduplicated Pupil Student List• Report 1.20 – COE LCFF Unduplicated Pupil Student List• C/A 1.1 – C/A Enrollment – Primary Status by Subgroup• C/A 1.17 – C/A – LCFF Unduplicated Pupil Count

Because Certification Report 1.17 and related supporting reports now focus only on students who are apportionment-eligible for the UPC, LEAs should refer to **Certification Report 1.1 – Enrollment – Primary and Short-term Enrollment Count by Subgroup** and **Supporting report 1.2 – Enrollment – Primary and Short-term Enrollment Student List**, for:

- The count of *all* TK students, including those who do not generate average daily attendance (ADA) because they do not turn five by specified dates.
- The count of Title 1 (ages 5 -17 years old only) low-income students, or the count of ALL (kindergarten-12) students, using the new “Age Eligibility” filter.
- In addition, a new “Free and Reduced-Price Meal (FRPM) Eligible” column has been added to the report to assist LEAs in determining their Title I “low-income” student counts

LEA Approval Button Status

•The LEA Approval button will be disabled until all Data Discrepancies (DDs) and Certification Data Discrepancies (CDDs) are released.

•DDs and CDDs are expected to be available by early November.

2022 California School Dashboard

Legislation Impacting Charters

[Charter School Performance Category Data File](#) is updated annually with the release of the California School Dashboard when new performance levels/colors are assigned. Due to AB 130, the Dashboard was not reported in 2021 and will not have performance levels/colors in 2022. Therefore, **the Charter School Performance Category Data File will not be updated until early 2024 following the release of the 2023 Dashboard.** Please continue to refer to the above file for charter school performance categories. Additional information regarding this subject is available at [Updates on Data for Charter School Appeals and Renewals](#).

Charter School Renewal Terms

Previous Charter Term Expiration Date	New Charter Term Expiration Date
June 30, 2022	June 30, 2024
June 30, 2023	June 30, 2025
June 30, 2024	June 30, 2026
June 30, 2025	June 30, 2027

2022 California School Dashboard

Due to requirements under AB 130, the CDE can only display the most current year of data (also known as Status) on the 2022 Dashboard. Therefore, compared to prior Dashboards, the use of colors, or performance levels, using two years of data will not be reported. The 2022 Dashboard will use one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for all state indicators based on the 2021–22 school year data.

The state indicators include the following:

- **Chronic Absenteeism:** kindergarten (K) through grade eight
- **Suspension Rate:** K through grade twelve
- **English Learner Progress:** grades one through twelve
- **Graduation Rate:** high school only
- **College/Career:** high school only **(Note: The College/Career Indicator will not be reported on the 2022 Dashboard)**
- **Academic:** grades three through eight and grade eleven – English language arts/literacy and Mathematics
