

# CALPADS

January 2020

## 2019-20 School Year

- Information Day/Census Day October 2, 2019
- Fall 1 Certification deadline is December 20, 2019
  - Amendment deadline is January 24, 2020
- CALPADS Fall 2 Certification Window is Open
  - Deadline is March 20, 2020
  - No Amendment Window

## CALPADS Fall 2 Reporting Changes

- CalSAAS – Assignment Monitoring (see below trainings being offered)
- Perkins Data System (PDS) has been retired
- CTE/Perkins being reported in CALPADS Fall 2
  - The Perkins V performance indicators are largely based on students in the 4-year Adjusted Cohort Graduation Rate (ACGR). The data collected on the Postsecondary Status (PSTS) file will be used to calculate the 3S1 – Post-Program Placement indicator.
  - LEAs should survey CTE pathway completers, as currently defined, who were in the 2018–19 4-year ACGR, exiting secondary education in 2018–19. This should include any student who was a CTE pathway completer at any time during high school, and left 12th grade in 2018–19
  - LEAs should survey students in the second quarter following the end of the 2018–19 school year, which will be some time during December 2019 – January 2020.

## CALPADS Update Flash #168

- **It is critical that students' ELAS are up-to-date in CALPADS before the Summative ELPAC testing opens on February 3, 2020**, in order that students may be tested. In addition, any students' initial ELAS statuses that have been corrected through one of the allowable correction processes specified in Title V Regulations should be updated in CALPADS prior to summative testing.
