- The new State Assignment Accountability System (CaSAAS)
- Changes in the California Longitudinal Pupil Achievement Data System (CALPADS)
- Changes to the state course codes and descriptions

The CalSAAS will use data from the CTC and the CDE to identify potential misassignments and provide a communication platform for counties and school districts to address and resolve them. In addition, CDE staff will be providing information about the *Promoting Equitable Access to Teachers* (PEAT) Program and Title I equity reporting requirements on the Local Control and Accountability Plan (LCAP) Federal Addendum.

Please visit the CDE CALPADS Training web page at <https://www.cde.ca.gov/ds/sp/cl/training.asp> for dates and COEs where training sessions will be provided, as well as registration links (if available).
