2020—2021 School Accountability Report Card
Reported Using Data from the 2020—2021 School Year
California Department of Education

Address:	5340 Skylane Blvd. Santa Rosa, CA , 95403-8246	Principal:	Georgia Ioakimedes, Director
Phone:	(707) 524-2884	Grade Span:	K-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020—2021)

Sonoma County Office of Education (SCOE) Alternative Education Program provides K-12 education for students who are not experiencing success in a traditional school setting. The Alternative Education/Community School Program also includes Independent Study and a Teen Parent Program (formerly Cal-SAFE/California School Age Families).

The Alternative Ed/Community School Program provides academic instruction for students who are referred, who self-select, or who benefit from a program based on alternative instructional strategies and strong social-emotional supports. Community School sites are located in Santa Rosa and Petaluma, with the Independent Study Learning Center and Teen Parent Programs housed at the Santa Rosa site. Independent Study is an option available to Community School students who have specific educational needs, work interests, personal issues and/or family obligations that preclude success in a daily classroom setting. The Teen Parent Program provides education and support services to assist pregnant and parenting students in graduating from high school. Support services for teen parents include preparation for childbirth and parenting, infant/toddler development, food and nutrition, transportation, vocational guidance, and bilingual child care as well as referrals for other services.

The emphasis of the Alternative Education/Community School Program is to reestablish the educational direction of students and to transition them to a regular school setting or otherwise serve them in a learning environment that meets their academic and social-emotional needs. In addition to the academic program, additional support services are provided by community based organizations.

SCOE's Alternative Education/Community School Program is WASC accredited and provides standards-based curriculum in the core subject areas of English/language arts, mathematics, history/social science, and science. The program's intent is for students to benefit from the support provided to change behaviors and school habits that are necessary for successful reintegration into district schools, or to complete requirements for high school graduation.

School Facility Conditions and Planned Improvements

The Alternative Education Program has classrooms located in SCOE-owned facilities. Classrooms have been clustered to provide improved facilities and increased safety. The opening of a new facility in August 2011 allowed the program to move out of all storefronts that were previously being used. Considerable effort is put into ensuring that

all facilities are well-maintained. The SCOE Maintenance Department inspects the facilities at least annually, using the Facilities Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status.

Last updated: 1/11/22

School Facility Good Repair Status

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: March 2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2019-2020	School 2020-2021	District 2019-2020	District 2020-2021	State 2019-2020	State 2020-2021
English Language Arts / Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID–19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs (School Year 2020—2021)

Prior to the COVID-19 pandemic, CTE culinary arts and CTE construction classes were offered in the Alternative Education Community School Program. These courses were suspended for the 2020-21 school year due to the pivot to distance learning and staffing challenges.

All CTE courses are aligned with the academic standards and offer students the opportunity to earn fine arts credits. All of the high school CTE courses are mapped to programs of study at post-secondary institutions, including culinary and construction as mandated by AB2448. While there is opportunity for students to continue their studies within the industry sector, articulation is still in process. The department Career Education Coordinator also offers career and workforce preparation, which includes transition services for Special Education students. Additional career education/preparation services are provided by Social Advocates for Youth's (SAY) Youth Employment Program.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2021-2022)

When a student is referred to the Alternative Education Community School Program, parents are invited to attend an enrollment meeting with their child (primarily being held virtually). Program staff provide parents and incoming students with an overview of the program and answer any questions they may have. The enrollment packet includes school information - all resources and forms are available electronic format, in Spanish as well as English. A translator is provided as necessary. Parent letters are sent home throughout the year to keep parents informed about testing and other upcoming school events. Parents are encouraged to participate in the Alternative Education program through ELAC (English Learner Advisory Committee), Community School Advisory Committee, the LCAP process and referrals to programs of community based organizations and public agencies. The program webpages on the SCOE website are regularly updated and parents are encouraged to access and utilize this information/resource. Additionally, ParentSquare (an application that allows for electronic communication between school and home) has been implemented and is being utilized to communicate with parents. Parents are invited to Individual Learning Plan (ILP) conferences once each semester, which includes a Parent Engagement Event at the Spring conferences (plans are being made to modify this event, in light of current COVID protocols). Increasing parent involvement is an ongoing goal and priority of the department.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2017-2018	School 2018-2019	School 2019-2020	District 2017-2018	District 2018-2019	District 2019-2020	State 2017-2018	State 2018-2019	State 2019-2020

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2018-2019	School 2019-2020	District 2018-2019	District 2019-2020	State 2018-2019	State 2019-2020
Suspensions	17.65%	6.29%	9.73%	8.14%	3.47%	2.45%
Expulsions	0.00%	0.00%	0.00%	0.00%	0.08%	0.05%

Suspensions and Expulsions for School Year 2019—2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2020–2021	District 2020–2021	State 2020–2021
Suspensions	0.00%	0.91%	0.20%
Expulsions	0.00%	0.00%	0.00%

Note: The 2019—2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019—2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019—2020 school year compared to prior years.

School Safety Plan (School Year 2021-2022)

The School Safety Plan is reviewed and revised annually at a meeting of the Safe School Planning Committee. This meeting is open to all Community School staff, students and parents. The plan is communicated to the public through a public hearing held at the Amarosa Academy school site. The plan will be approved by the County Board of Education at its February 2022 Board meeting. Due to the COVID pandemic all meetings and hearings will be held via Zoom

The CSSP will be posted on the SCOE website and a link will be available after Board approval.
