• Makes various types of deliveries and assists with the moving of furniture and equipment.
• Performs preventive maintenance and emergency repairs at all site locations.
• Maintains appropriate records, including records on the presence of asbestos.
• Performs related duties as assigned.

Employment Standards:

Knowledge of:
• Tools, methods, procedures and practices used in several of the building and construction trades to include electrical, plumbing and carpentry.
• Safe operation and usage of building trades, tools, and equipment.
• Safe work practices, including Bloodborne Pathogens and Asbestos Hazard Emergency Response Act (AHERA) requirements.
• Principles of landscape design and irrigation systems.
• Integrated pest management.

Ability to:
• Respond promptly to requests of internal and external clients; provide needed information, assistance, training, materials and resources.
• Plan, organize and prioritize own work to meet deadlines and accomplish assigned tasks within established timelines including maintaining accurate records and files.
• Maintain an orderly work environment and perform tasks in prescribed and safe manner.
• Work effectively both independently and as a part of a team, including establishing and maintaining cooperative working relationships with those contacted during performance of job duties.
• Maintain and improve professional skills and knowledge.
• Be flexible and receptive to change.
• Understand and apply principles, techniques and procedures required for effective job performance.
• Safely use and operate a variety of hand tools, power tools and equipment used for custodial, grounds and building maintenance purposes.
• Understand and follow oral and written instructions; communicate effectively in oral and written forms.
• Effectively estimate the scope of work assignments and secure the necessary tools and materials to complete each assignment.
• Perform mathematical calculations using addition, subtraction, ratios, percentages, and multiplication necessary for successful job performance.
• Read and interpret sketches, blueprints and diagrams.
• Analyze and respond appropriately to emergency situations.
• Meet the physical requirements of the job.

**Education and Experience:**

*Any combination of education and experience that would provide the knowledge and abilities is qualifying. A typical way to obtain the knowledge and abilities would be:*

**Education:**

• Formal or informal education or training which ensures the ability to read and write at a level necessary for successful job performance, including reading and interpreting sketches, blueprints and diagrams.

**Experience:**

• Three (3) years of increasingly responsible work in the building trades, including electrical, plumbing, carpentry and estimating.

**Physical Abilities:**

*The physical abilities described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.*
