

Introduction:

LEA: Petaluma City Schools_ **Contact (Name, Title, Email, Phone Number):** Jane Escobedo, Deputy Superintendent _ **LCAP Year:** 2015/16_____

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

Petaluma City Schools

There are over 878 staff members in the Petaluma City Schools who, along with the larger school community, are responsible for the educational experiences of 7400 students.

There are six elementary schools in the Petaluma City (Elementary) School District with an enrollment of approximately 2,120. Class Size Reduction has been implemented in Grades K-3 at all elementary schools. There are also two charter schools operating under the Petaluma City Schools umbrella.

In the Petaluma Joint Union High School District there are two junior high schools, a community day school serving Grades 7-9, two high schools, two small alternative/continuation high schools (one at each comprehensive high school site), and a continuation high school, with a combined enrollment of approximately 4,900.

The districts also have an independent study program (Valley Oaks School) as an alternative available to students in Grades K – 12. All schools within the Petaluma City (Elementary) and Joint Union High School Districts offer special education services, along with Gifted and Talented Education (GATE). Special assistance is provided for all English learner students.

The Petaluma Adult School is an integral part of the Petaluma City Schools. It offers an opportunity for students to continue their education on a high school or post-high school level suitable for adults. Many students enrolled in Adult School classes are working toward a high school diploma, learning English as a second language or fulfilling a desire to just learn something new.

Below are some “quick-facts” that profile the scope of our School District and underscores the value we provide to the Petaluma community.

February 2015

Total Number of K-12 Students = 7,493

Elementary = 2,096 (27% of District enrollment)

Secondary = 5,397 (73% of District enrollment)

Hispanic - 33.32%

Asian - 3.08%

African-American - 1.29%

Free and Reduced Lunch program

Elementary eligible / participation = 39%

Secondary eligible / participation = 34%

English Learners: 1,307 Spanish Speakers = 13.7%

Special Education with active IEP = 13.6%

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parental involvement: *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

School climate: *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>An on-going District Leadership Team (DLT) was reconfigured and convened monthly beginning in October 2014 and continues. The DLT is configured to include:</p> <ul style="list-style-type: none"> Parents ELL Parents Parents of Low Income Students Students Teachers Administrators Community Members Board Members <p>Meetings were held on 10/21/14, 2/3/15, 3/3/15, 4/7/15, and 5/5/15.</p> <p>The purpose of the DLT is to provide input into the development of the LCAP priorities, goals and activities that will drive student achievement and ensure that all students graduate college and career ready. The team meets monthly following the planning process of: needs assessment, identification of priorities, selection of goals, consulting on activities that will meet the identified goals, assist in monitoring progress and suggesting updates and changes to the LCAP. The team serves as liaisons to their various stakeholders groups. In addition, the DLT process was augmented through a community forum and input from all school SSC and staffs. The draft of the LCAP was shared with all staff and posted on the district website to encourage public comment.</p> <p>The DLT was presented the district budget and how the Local Control Funding Formula (LCFF) will impact on district programs. Additionally, team members worked to review and understand the district and schools' academic and demographic data from the last three to five years. The team worked in small groups and presented their findings in order to identify needs and priorities and to set goals for the district, its' schools, and the students that are served. Priorities and goals were also identified for the districts identified subgroups, including White, Hispanic, ELL, Socio-economically disadvantaged, foster, and students with disabilities. The DLT also reviewed data for non-identified subgroups and data for various programs that serve the unique needs of our students throughout the district. In addition our DELAC, SSC and ELAC committees at each school also reviewed and provided input into the development of the LCAP.</p> <p>In addition, the DLT took the draft LCAP priorities, goals and activities to a community forum on April 15, 2014. This opportunity provided DLT members, cabinet and board members additional direction. Community members commented on the LCAP and provided additional input ensuring alignment with community identified needs. The DLT approved the draft LCAP on 5/6/2014.</p> <p>The District English Learner Advisory Council reviewed and commented on the LCAP on 3/11/14 and</p>	<p><i>The PCS LCAP reflects the ongoing involvement of our full community. Members of our DLT were trained to look at and evaluate data, review budget information, and were able to participate in a process that informed them setting priorities. Our LCAP process allowed for on-going input and participatory process that aligned needs, priorities and goals. Members were afforded the opportunity to hear from the general community and to refine their work to better represent the needs of our students. The participatory nature of our process allowed DLT team members to provide highly refined input to our superintendent and board, better reflecting the needs of our community.</i></p> <p><i>Due to the participatory nature of our process, the LCAP went through several revisions that reflected the changes identified by our community. One of the highest priorities that emerged during the LCAP development process was the identification and provision of intervention and differentiated instruction to ensure the continuous academic progress of all of our students. Committee members emphasized the importance of early prevention of learning problems. They felt strongly that intervention should begin as early as possible and that resources should be expended to prevent our youngest learners from falling behind their peers. To that end, our family literacy programs funded through grants and supported by our Adult Education school are included in the LCAP. Additionally, our Rtl program is being redesigned to support our kindergarten and first grade students.</i></p> <p><i>The other refinement to our programs that has come as a result of the LCAP process is our high school students will have increased contact and monitoring to ensure their readiness for both college and career. Each student, with the guidance of their counselor, will develop a four-year plan identifying their college and career goals. They will meet yearly with their counselors to monitor and adjust their plan as they learn more about additional options that are available.</i></p> <p><i>Additionally, we have refined our goals and worked to clarify our expectations for our students under Common Core state standards.</i></p>

<p>again on 4/29/14. Questions were generated and answered in writing by the superintendent. This process was also used for questions generated by the DLT and community. (LCAP Written Comments at www.petalumacityschools.org)</p> <p>A public hearing for both the LCAP and the budget was held on June 10, 2014. Additionally, the public was encouraged to comment in writing on the PCS LCAP. Our superintendent took each comment into consideration and responded in writing. Our board of education reviewed the LCAP on June 10, 2014 and adopted the LCAP and the budget on June 24, 2014.</p>	
<p>Annual Update: The DLT continued to meet in the 2014/15 school year. Meetings were held on 10/21/14, 2/3/15, 3/3/15, 4/7/15, and 5/5/15.</p> <p>Work of the DLT included reviewing metrics, actions and services, budgeted and anticipated expenditures and revision as necessary. The major work of the DLT this year was to collect and review student, teacher, and community input.</p> <p>In addition, the District English Learner Advisory Council reviewed and provided input on the LCAP at both their March 11, 2015 and April 28, 2015 meetings.</p> <p>Two community forums were held in Feb11, 2015 and March.30, 2015. Translation was provided at both meetings. Approximately 30 parents and community members attended the evenings.</p> <p>Additionally, two surveys were developed, one for parents and community members. The survey as posted in late February and open until the end of April. Principals were encouraged to share the survey with parents through newsletters and school site councils.</p> <p>The other survey was designed for PCS teachers. Principals were encouraged to share the survey and provide staff members time at staff meetings to complete the survey. There were 99 responses, or about 28% of teachers.</p> <p>The LCAP was also reviewed by the Superintendent Advisory Councils for parents, teachers, and classified staff.</p>	<p>Annual Update: <i>As a result of the DLT review of LCAP results for 2014/15, including parent, community, student, and teacher surveys the 15/16 LCAP was revised to incorporate the highest priorities identified by our community. Survey results indicated Access to Courses was the highest priority for our parents, students, and community. A safe, inclusive school climate was the second highest priority with student attendance at school ranked third. The lowest ranked priorities were CCSS aligned instruction and materials available to all students.</i></p> <p><i>Teachers responded that their highest priority was classroom instruction that promotes academic achievement for all students, second priority was safe, inclusive schools and third priority was student attendance.</i></p> <p><i>Our DELAC parents indicated that their highest priorities was to provide additional support to ELL students by hiring additional bilingual personnel and counselors.</i></p> <p><i>As a result of community, staff, and student input the goals of the PCS Board of Education and the LCAP were adjusted to better reflect areas of need and priority for our community. Actions and expenditures were also adjusted to align with our refined goals.</i></p>

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?

- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Identified Need:	<ol style="list-style-type: none"> 1. Students need to increase their mastery of grade level standards in ELA and Math. Currently, 72% of K-8 students K-8 are scoring at grade level or above in reading and 70.6% of 7-12 students are receiving a C or better in math (interim assessment; SBAC baseline in July 2015) 2. Students in significant subgroups, English Learner, Latino, Socio-economically Disadvantaged and Special Education students need to increase their mastery of grade level standards in ELA and Math. See above (interim assessment; SBAC baseline July 2015) 3. All teachers need professional development that assists them to align instruction to CCSS in across all subject areas. 100% of PCS teachers have attended at least 1 professional development activity focused on CCSS. 4. All of students need Science instruction that is aligned to NGSS. Currently, teachers in grades K-8 have attended district sponsored NGSS training. 5. All ELL students need instruction ELD instruction aligned to NG-ELD standards. 7 District ELRTs and BRTs have attended ELD next generation training. 6. 100% of third grade students need to be proficient in reading. Currently 59% are at or above grade level on Ren Learn STAR. 7. Fifth grade students need to be proficient in fractions. Currently, 58.8% of students are proficient. 8. Increase the percentage of students who graduate completing A-G requirements each year. Currently, 36.4% of students are completing A-G. 9. All CTE classes need to be aligned with CTE standards. There are 147 CTE classes available. 50% are aligned with CTE standards. 10. Students need access to a variety of courses in order to prepare for college and career. 100% of students have access and are enrolled in required areas of study. 11. Students need access to Honors and AP classes. 25% of ELL, RFEP, and SED were enrolled in AP or honors courses in 13/14. 65% of students in AP will pass AP subject areas assessments with a 3 or higher. 12. Students need to be determined as prepared for college by scoring ready on the EAP in math and ELA. In Spring of 2014, 377 students were determined to be 	

	<p>ready.</p> <p>13. 100% of ELL students who are in the district for 6 consecutive years or more need to be re-designated to Fully English Proficient. 60.5% of ELL students were re-designated within six years. The overall re-designation rate was 10.8% at elementary and 14.8% at secondary.</p> <p>14. ELL students need to reach English Proficiency as measured by the CELDT. In 14/15 35% of elementary and 55% of secondary met CELDT criterion for English proficiency. The district met AMAO 1 and 2 but did not meet AMAO 3.</p> <p>15. ELL students need to develop proficiency in both their home language (Spanish) and English. 70 students received the seal of bi-literacy in 13/14 and 98 in 14/15.</p>

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>All the actions planned in goal 1 were completed and goals met. Additional teachers were certified to teach in areas they were not previously certified and beginning teachers received support and mentoring from more experienced teachers. Increased costs associated with the BTSA program increased the funds expended in support of the program. A complete upgrade to all PCS classrooms includes new furniture and full access to wireless broadband internet. We have begun upgrading instructional materials to align with CCSS. The redesigned tech department provides a dual focus on supporting both devices and end users. Additional funds were expended to provide a pilot of the mouse squad program and to upgrade support provided. 1:1 devices were purchased for all students. In 15/16, Goal 1 will remain the same with the exception of providing furniture and 1:1 devices. Since the purchase of these devices has been completed, our focus will turn to the use and integration of the devices and furniture in the upgraded, 21st Century classroom.</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>Data indicates that PCS met the outcomes included in goal 2. A majority of students are meeting grade level standards as indicated on grades and assessments. There continues to be a persistent achievement gap between ELL, SED, SpEd and other students. To meet this challenge PCS will provide additional professional development in the 2015/16 school year focused on developing a more personalized, CCSS aligned instructional program. Survey results confirmed this focus. Our DELAC parents identified continual upgrade to our ELD program as a high priority.</p>

Funding for support programs differed from expected to actual costs due to personnel costs.		

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ 3,248,537.00
<p>NOTE: Subsequent to the LCAP approval it was determined that the funding amount was inadvertently entered as \$3,248,537 instead of the correct amount \$3,519,022. This represents an additional \$270,485 in supplemental and concentration grant funding. This increase will be shared with the district's stakeholders during the 2015-16 school year when communicating the annual updates to the LCAP.</p> <p>A variety of professional learning opportunities will be provided for all staff. Some professional learning is paid with Base, and for that reason this is considered district-wide use. District-wide use is justified because those trainings designed to increase learning for and specific to low income, foster youth, and English learner pupils will be paid for with supplemental funds. District-wide is the most effective use of funds because students benefit from teacher growth and these services are principally directed toward meeting the district's goals for unduplicated pupils in state priority two, Academic Standards. Weiss & Pasley state, "Ongoing, intensive professional development that focuses on supporting teachers' planning and instruction has a greater chance of influencing teaching practice and in turn, raising student achievement." Two professional development days will be provided district-wide using supplemental funds.</p> <p>Additionally, the following activities increase unduplicated student time in, support of, and access to the type of quality instruction that will prepare them for college and career in the 21st Century:</p> <ul style="list-style-type: none"> • Supplemental funds will be used to provide Summer school for unduplicated count subgroups. This will provide an additional 20 to 25 days of instruction for these students. This activity is in support of state priority 4 pupil achievement. • Supplemental funds will be used to provide Guidance Specialists at all schools. These positions will provide intervention programs and counseling services for students who are in need of additional socio-emotional assistance in order to increase their engagement in school. This is consistent with state priority 5- pupil engagement. 	

- Supplemental funds will also be used to provide intervention curriculum, materials and supplies.. District-wide is the most effective use of funds as needs will arise for materials and this action is principally directed toward meeting the district's goals for unduplicated pupils in state priority four, Pupil Achievement. Experience tells us that needs for individuals or groups of students will occur during the year that could not have been anticipated
- Supplemental funds will be used for class size reduction. Due to having lower class sizes, it is expected that certificated and support staff will be able to better implement differentiated instruction, which will help address the needs of English language learners and low income students. This is an effective and justified use of funds because a comprehensive review of 112 papers, David Zyngier reports, "Findings suggest that smaller class sizes in the first four years Page 72 of 77 of school can have an important and lasting impact on student achievement, especially for children from culturally, linguistically and economically disenfranchised communities." District-wide is the most e
- Supplemental funds will be used for Bilingual staff. These services are principally directed toward meeting the district's goals for unduplicated pupils in state priority four, Pupil Achievement. Program analysis and EL student monitoring discovered an achievement gap for EL students. This support will bring our ELL student into mainstream classes and increase their opportunities for college and career readiness, thus closing the achievement gap.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

7.89% Elem.	%	The services for ELL, Low Income and foster youth are being both increased and improved through the funds provided in the 2015/16 LCAP. The additional instructional time, increased personalized instruction, bilingual personnel, and access to additional CCSS aligned instruction materials will provide students much greater support than in the 13/14 school year for our unduplicated students. The additional funds will be used to increase unduplicated student academic performance and college and career readiness by increasing their teacher's understanding of their unique needs and how to best address them through more personalized instruction.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the

total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) “High school dropout rate” shall be calculated as follows:
- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) “High school graduation rate” shall be calculated as follows:
- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) “Suspension rate” shall be calculated as follows:
- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (f) “Expulsion rate” shall be calculated as follows:
- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
