

Report Favorites – Public and Scheduling

We have the ability to share reports within our county when Report Favorites are marked as Public. The Public Report uses the report filters only, not the data. This is a great way to get reports that your SCOE Fiscal Advisors and other users have created.

Go to Finance – Report Favorites

- **Module:** Fin or HR
- **User Id:** Select from the menu
- Click **Go** to get a list of Public Reports

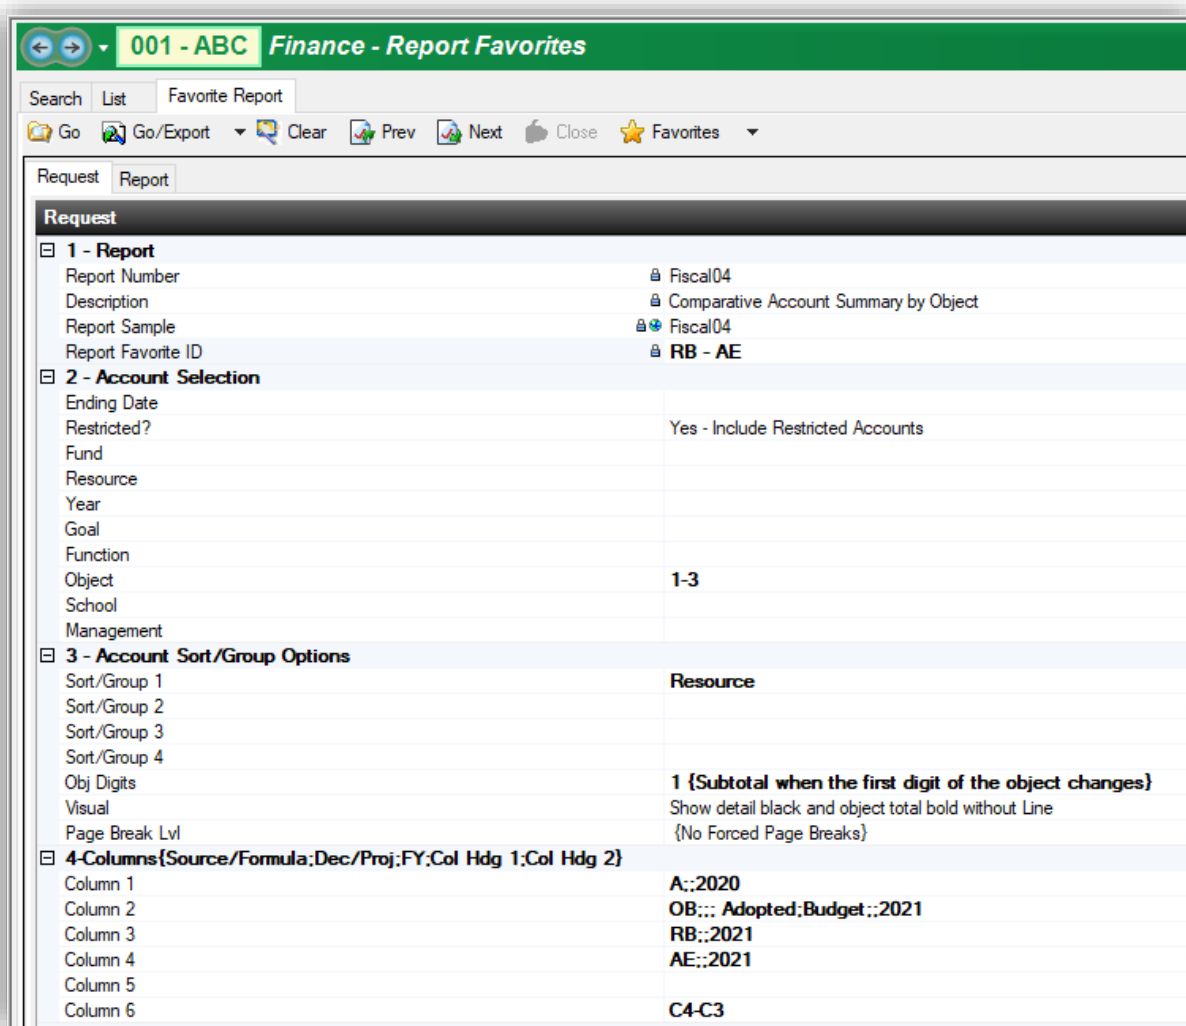

- From the list – Open the Report Favorite to copy
- Highlight and double click to Open

Fiscal 04 detail	Fiscal04	Comparative Account Summar		CGORDON
Fiscal 04 Interim	Fiscal04	Comparative Account Summar		CGORDON
