

How to connect your Salesforce account to the SF Authenticator app (MFA)

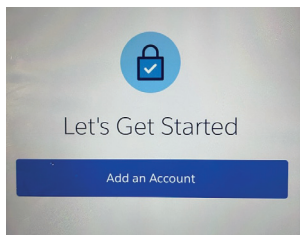

- 1 Download the Salesforce Authenticator app from the Google or iOS App Store.

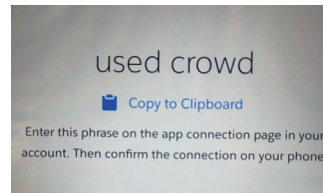

- 2 Go to <https://sonomacoe.my.salesforce.com/> to login to your Salesforce account and click 'Login'. You will be asked to type in a 'Two-Word Phrase'. While keeping this window open, open the Salesforce app on your phone.

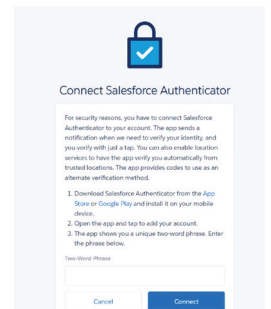

- 3 Once the Salesforce app is open, click on 'Add an account'.

- 4 On the next screen of your app, you will see two words. These are the words you need to type on your browser. Enter the two words and click 'Connect'.
