

ALTERNATIVE EDUCATION PROGRAMS  
Sufficiency of Instructional Materials  
September 2019

Alternative Education at the Sonoma County Office of Education has sufficient textbooks and instructional materials in order to provide each student with a standards-aligned textbook and basic instructional materials in each of the following areas: History/social science, Mathematics, Reading/language arts and Science. Foreign language is not offered. Health is embedded in Science and Physical Education. Science laboratory equipment is not always appropriate in all court and community school settings.

**History-Social Science**

Please note: *Textbook materials are supplemented by teacher developed and other outside standards-aligned resources.*
