

*Child Care Facilities Development Handbook
Sonoma County
2014 Fee Updates*

REQUIREMENTS BY MUNICIPALITIES

Summary tables of the fees and zoning requirements for following jurisdictions are provided in this appendix. The information is from 2013/2014 and collected through phone calls, websites and email.

However, the fees often increase annually and some fees that apply were not provided, so it is important to check with your local jurisdiction about the cost of fees and whether any additional or special fees would apply to your particular site or project.

Because the fees and requirements are subject to regular revisions, the most current versions of these Summary Tables can be found in the online version of this handbook at <http://www.scoe.org/files/child-care-facilities-handbook.pdf>. This section will be updated annually in July.

Contact information and city websites are also listed.
