

Real Reform in Support Services & an Improved Learning Model from Sanger USD

Tuesday, February 2, 2016
9:00-11:45am

Join us for a **free** two-part session on reform in support services, presented by **Matthew Navo**, Superintendent of Sanger USD and **Russell Freitas**, Superintendent of Firebaugh-Las Deltas USD. Through a coordinated effort to address school and district culture, along with changes in instructional practices, Sanger USD went from the bottom 2% of districts in California to the top 10 since 2010. Take part in the discussion to learn how you can implement changes like these in your district.

PART 1

For superintendents only

- Presenters discuss their process and action planning to revamp the educational programming in their respective districts that resulted in improved academic results and simultaneously reduced the over-identification of students in special education.
- Dialogue with Sonoma County superintendents on how to apply the principles for local improvements.
- Focuses on the culture and strategic moves necessary to shift the district cultures.

PART 2

Open to superintendents, principals, teacher-leaders, C&I directors, etc.

- Presenters lead a larger discussion and action-planning with Sonoma County school district teams interested in engaging in similar activities.
- Greater focus on practices and processes for implementing change.
