

SCASA

Sonoma County Association of School Administrators

ASCA Every Student Successful Program

Each year ASCA honors one student from each region who overcome obstacles to exceed expectations and the educators who support them along the way.

This year, SCASA is the ACSA Charter in Region 4 who will select the student and educator team to be recognized in 2014 at the ACSA Leadership Forum.

Purpose of Award: to honor students who have succeeded against all odds, and the administrators and other educators who helped them. For example: student returning to school; leaving a gang; improving attendance; changing attitude; overcoming physical and mental barriers. They may be active in community service, conflict resolution, peer tutoring and similar programs.

Eligibility: the success of the student should be tied to the work of ACSA administrators who contributed to their success.

The SCASA board requests nominations for Sonoma County nominee for the Every Student Succeeding Program

The nomination is due to Karen Tedesco (ktedesco@scoe.org) by January 31, 2014.

Links for more information, the online nomination form, stories from previous honorees, and guidelines for submitting photos, can be found at: www.acsa.org/ess

Please forward this information to guidance counselors and others who may identify potential nominees. Remember, there must be some relationship to an ACSA member who supported the student in some way.

For more information contact Barbara Bickford (bbickford@twinhillsusd.org).
