

Managing Serious Behavior (MSB)

Managing Student Behavior (MSB) is typically a two-part (two-day) training developed by SELPA program specialists to address positive behavioral interventions and emergency techniques. However, due to COVID and the close proximity necessary to practice the emergency intervention techniques, SELPA will only be providing an in-person prevention portion (Day 1) of MSB. Certification of MSB will be suspended until we are able to resume the second part (Day 2) of the program in person.
