

Summer Institute - DAY 1

IEP teams are encouraged to attend this first day of the SELPA Summer Institute. The focus of this day's training will be on IEP compliance. In the morning we will offer a training on Educational Benefit and explore tools to support high quality IEP goals. In the afternoon, participants will get to choose between a specific training on how to facilitate an IEP meeting; include Assistive Technology services and accommodations, or dig deeper into your own district's IEPs (looking at educational benefit and or using the goal quality tool). Lunch will be provided

When August 10, 2023
